

# AN OVERVIEW OF THE OHIO STATE UNIVERSITY

The Ohio State University is committed to becoming a preeminent global university that prepares its students and faculty to participate in knowledge-based collaborations around the world.

The campus in Columbus, Ohio, is one of America's largest and most comprehensive. More than 58,000 students select from 200 undergraduate majors and more than 260 master's, doctoral and professional degree programs. More than 6,000 students attending the Columbus campus come from outside the United States.

Ohio State is recognized by *U.S. News & World Report* as one of America's best public universities, with a top-rated academic medical center and a premier cancer hospital and research center.

The university's total research expenditures in 2013–14 reached \$982 million. Ohio State ranks third among all U.S. universities in industry-sponsored research, according to the National Science Foundation. The university's innovation prowess attains world-class status, particularly in critical areas such as global climate change, cancer, infectious disease, advanced materials and ag-bio products that feed and fuel the world.

The university was founded as a federal land-grant institution in 1870, and its legacy extends to more than 500,000 living alumni.

## Ohio State's Global Reach

---

- \* More than 6,000 international students from more than 100 countries attend Ohio State.
- \* Ohio State is ranked 14th nationally for its international student population.
- \* More than 2,500 Ohio State students studied abroad in 2013-2014.
- \* About 1,600 international scholars visit Ohio State each year.
- \* More than 30 languages are offered through more than 600 courses, and more than 800 courses feature international content.
- \* More than two-thirds of Ohio State faculty have been involved in international professional activities.
- \* Nearly 20 percent of Ohio State undergraduates study abroad and can choose from programs on all seven continents.
- \* Ohio State has Global Gateway offices in Shanghai, China, Mumbai, India, and São Paulo, Brazil, which serve to further the university's teaching, research and engagement mission.
- \* Ohio State is ranked 34th in the world for academic research performance and global and regional reputation, according to *U.S. News & World Report's* 2014 Global Rankings.
- \* care and research institution. Sessions focused on India's rapidly growing biotech and health sciences industry, health care, commerce and careers.
- \* Ohio State is one of four U.S. universities to receive the Obama-Singh 21st Century Knowledge Initiative award in 2013 for its project, "Training the Next Generation of STEM Faculty at Higher Education Institutions in India." Ohio State will receive approximately \$250,000 in grant monies over a three-year period to launch a pilot STEM education and research program with Aligarh Muslim University in India.
- \* Rattan Lal, Distinguished University Professor of Soil Science in the School of Environment and Natural Resources, was the lead author of the Intergovernmental Panel on Climate Change (1998-2000), which earned the 2007 Nobel Peace Prize.
- \* More than 600 students from India are enrolled at Ohio State.
- \* Ohio State has seven Memoranda of Agreement with universities in India.
- \* Ohio State offers five study abroad programs in India.
- \* Ohio State has been collaborating with universities and corporations in India since 1958, focusing on advancements in educational training and agricultural research with partners such as the Punjab Agricultural University.
- \* Researchers from Ohio State and Pondicherry University have teamed up to study the evolutionary effects of gene flow between crops and their wild relatives, supporting further research in the areas of food production, safety and supply.

## Ohio State and India

---

- \* Ohio State welcomed more than 300 attendees to its first Health Sciences Innovation Conference held in January 2015 in Mumbai, India. Ohio State collaborated with the All India Institute for Medical Sciences, the country's top public health
- \* Ohio State's internationally recognized Department of Mechanical and Aerospace Engineering is working with partners in India on the development of a joint executive education program in automotive noise and vibration control.

## General Information

### Historical Information

Established by Legislature	1870
First graduating class	1878
Degrees granted (through May 2015)	713,309

### Academic Structure (Autumn 2014)

Undergraduate majors	200
Master's degree programs	148
Doctoral degree programs	114
Professional degree programs	7
Courses (estimated)	12,000

### Endowment (Total University and Foundation)

Market value as of June 30, 2014	\$3.548 billion
----------------------------------	-----------------

### Fundraising, 2013–2014

Donors	233,185
Total receipts	\$404.1 million

## Enrollment Autumn 2014

Enrollment	Columbus Campus	Total University
<b>Total</b>	<b>58,322</b>	<b>64,868</b>
Men	29,664	32,778
Women	28,658	32,090
Undergraduates	44,741	51,215
Graduate students	10,389	10,461
Professional students	3,192	3,192
Ohioans	42,124	48,631
Non-Ohioans	16,167	16,237
International students	6,176	6,178

Minority Enrollment	Columbus Campus	Total University
Total Enrollment	58,322	64,868
% of Total	% of Total	% of Total
Total Minorities	10,113	11,216
African American	3,108	3,630
Asian American	3,339	3,527
Hispanic	2,049	2,235
American Indian	76	93

## Largest U.S. Universities Enrollment

University of Central Florida	60,810
The Ohio State University (Columbus)	58,322
Texas A&M University (College Station)	56,507
University of Texas (Austin)	51,313
University of Minnesota (Twin Cities)	51,147

## Research

### Highlights

<b>Research Expenditures (2013-14)</b>	<b>\$982 million</b>
Rank among U.S. public research universities based on research expenditures (NSF* '12')	10th
Rank among all U.S. universities based on industry-sponsored research (NSF* '12)	3rd

## Budget

### FY 2014–15 (Approved by Trustees)

<b>Total Income</b>	<b>\$5.4 billion</b>
State support	\$484 million
Student fees	\$845 million
Health system	\$2.6 billion
Auxiliaries (residence halls, Athletics, etc.)	\$251 million
Other income	\$1.3 billion
<b>Total Expenditures</b>	<b>\$5.0 billion</b>
Salaries	\$1.4 billion
Benefits	\$415 million
Financial Aid	\$146 million
Health System	\$2.1 billion
Other	\$1.0 billion

Financial information: Fiscal Year July 1–June 30)  
(Figures are rounded and may not sum to total.)

## Personnel

Employees (Autumn 2014)	FTE**	Head Count
<b>Total</b>	<b>33,175.63</b>	<b>44,434</b>
Regular tenure-track faculty	2,831.83	2,844
Regular clinical faculty	1,109.46	1,137
Regular research faculty	99.90	104
Associated faculty	2,056.83	2,722
Administrative and professional staff	17,129.03	18,182
Civil Service staff	4,811.58	4,954
Student employees	5,137.01	14,491

### Payroll, Annual, 2013–2014

For all employees	\$2.305 billion
