一所研究型大学 A research university

“一所研究型大学的本科学生能享受到充满多样性的大学体验，不会因为复杂错综的事物而沮丧，并学会如何自力更生，努力寻找除了安全感以外的激励目标。一个研究型大学在很多方面像一座城市一样给予学生数不清的机遇和吸引力。就像在城市繁重的日常生活中寻求机遇也许会很困难，但这个终极体验所带来的奖励，是无法计量的。”

“The undergraduate who flourishes at a research university enjoys diverse experiences, is not dismayed by complexity or size, has a degree of independence and self-reliance, and seeks stimulation more than security. A research university is in many important ways a city; it offers unlimited opportunities and attractions. As in a city, the requirements of daily living may be taxing and sorting out the opportunities may be difficult. **The rewards of the ultimate experience, however, can be immeasurable.**”
