The Office of International Affairs provides leadership in facilitating international experiences for students and faculty and supports a growing international student and scholar population.

- Welcoming and assisting more than 6,600 international students and 900 international scholars every year
- Supporting 2,400 students who participate in education abroad
- Fostering growth of the China, India and Brazil Gateways — the university’s liaison offices in Shanghai, Mumbai and São Paulo
- Establishing sustainable research, training and outreach projects through the Global One Health Initiative that focus on issues impacting humans, animals and their environment
- Overseeing Area Studies Centers, which sponsor academic activities, expand instructional initiatives and conduct outreach activities
- Sponsoring and administering scholarship and grant opportunities for Fulbright, Fulbright-Hays, education abroad, research and area studies
- Developing and coordinating international partnerships with foreign institutions
- Initiating international outreach and engagement activities
