Join us for a screening and discussion of the film

A historic gathering of over 50 African heads of state in Beijing reverberates in Zambia where the lives of three characters unfold. Mr. Liu is one of thousands of Chinese entrepreneurs who have settled across the continent in search of new opportunities. He has just bought his fourth farm and business is booming. In northern Zambia, Mr. Li, a project manager for a multinational Chinese company is upgrading the country’s longest road. Pressure to complete the road on time intensifies when funds from the Zambian government start running out. Meanwhile Zambia’s Trade Minister is en route to China to secure millions of dollars of investment. Through the intimate portrayal of these characters, the expanding footprint of a rising global power is laid bare – pointing to a radically different future, not just for Africa, but also for the world.
