## **International Partnerships** Annual Report

 **THE OHIO STATE UNIVERSITY**  
OFFICE OF INTERNATIONAL AFFAIRS

# Introduction

The Office of International Affairs facilitated the advancement of a wide array of international collaborations in 2021. Over the course of the year, the Global Gateways and International Partnerships unit finalized 42 agreements with 11 colleges in 23 countries. This collection of agreements marks a significant increase from the 27 that were formalized in 2020, as well as the 32 in 2019. It is clear the world is ready to reconnect and collaborate.

As a result of this activity, Ohio State now collaborates with 13 new partners: the French Embassy in the United States, Next Step Ministries (Canada), Shanghai Teacher Training Center (China), Shanghai University of Political Science and Law (China), Haaga-Helia University of Applied Sciences (Finland), Universidad del Valle de Guatemala, Amity University (India), Indian Institute of Technology Madras, Università Ca' Foscari Venezia (Italy), Stellenbosch University (South Africa), Chung-Ang University (South Korea), Arusha Technical College (Tanzania) and the University of Zambia. All of these agreements – both new and renewed – illustrate Ohio State's commitment to internationalizing its campus, sustaining global connections and engaging in cross-cultural teaching, learning and scholarship.

Though the pandemic has certainly affected international travel and programming, 2021 clearly demonstrates that international agreements and forging new relationships are both possible and sustainable. The Office of International Affairs remains eager to facilitate new collaborations that will support student and scholar mobility as well as innovative research.
